Did you know that wedding guests remember the wedding cake almost as much as they do the wedding itself? That's a pretty sweet deal. *Let Them Eat Cake* offers desserts for weddings of 6 to 600 guests. One of the items we have become known for are my "mini" cakes. This fully decorated 4" cakes come in a variety of flavors providing a much nicer alternative to cupcakes. They can be tiered to make a beautiful display with a standard 8" decorated cake sitting on top. *Let Them Eat Cake* also offers a wonderful champagne cake that has become very popular with clients.

I have brought some of my favorite family recipes for wonderful cakes and desserts to

the US from my hometown, Mexico City.
Enjoy a wide variety of flavors including
chocolate, white, coconut, almond, lemon,
mocha, spice, orange, champagne, French
vanilla, butter pecan, red velvet and more!
Wedding cakes start at \$3.00 per serving.
Delivery starts at \$50.00

It gives me great pleasure to live in a state
such as iowa that offers a simple style of
living , as well as a progressive acceptance
of all types of people and lifestyles. I
am proud to be of service to every type
of individual and look forward to the
oppurtunity of assisting members of the
gay community with this great moment in
history, and the chance to make your special
day memorable.
