Glorious Desserts prides itself in creating edible works of art for every occasion. From romantic to contemporary, whimsical to elegant, we can create the deliciously moist cake of your dreams any way you would like. The wedding cake is a reflection of you and your spouse. We listen to your vision and work with you to create a cake that solicits “ooo’s and aaah’s” from your guests. We offer buttercream, fondant, ganache, cream cheese and whipped icings, plus a wide array of fillings (although most people choose not to use fillings because our cakes are just that wonderful without it).

Our mantra? Cakees are fun! Cakes are all about celebration and memories. We are happy to do business with you, your family and friends – not just for wedding cake, but all the important events in your life.
