Same Sex Weddings "Taylored" to Your Dreams

We are a creative team of professional event planners who bring a unique perspective to the process of planning a wedding. You, the Gay or Lesbian couple, and your marriage are our focus. The event itself is the result of meticulous planning and effort that mirrors the importance of the commitment of your love. Again, thank you for your consideration of Renee Taylor Weddings for your Gay or Lesbian wedding and do not hesitate to contact us with any questions.

Renee Taylor Weddings believes in supporting the many causes that have worked so hard to promote equal rights for the LGBT Community and all causes that help the members and families of that community in any way. For that reason, we would love to donate a portion of the revenue associated with your wedding to a cause of your choice.
